

Job Opportunity!

After School Theater Education Program

The C.L. Hoover Opera House is looking for (2) outstanding persons to participate as Director/choreographer and Music Director/Assistant Director for an after-school program for 25-30 Junction City Middle School Students. This program will take place at the historic C.L. Hoover Opera House in Junction City, KS.

Description:

ASTRA (After School Theatre Repertory Actors) is a pilot program with the goal of inspiring, educating and enriching our youth via the theater experience. Using theater as a tool, we will help our students develop soft skills as well as further their theater arts experience.

The directors will begin mid-January for the spring term and will work Tuesdays and Thursdays from 3:00 – 5:45 through April 27th with a performance on either April 25th or April 27th. Pay will be \$100/wk (four months @ \$400 per month, \$1600/term).

The directors will report to and work in cooperation with the program administrator who will also coordinate set design and costumes.

Requirements:

We are looking for two people with music theater and directing experience. We are welcome, but are not limited to, theater students/graduates who are passionate, positive, energetic, and believe in theater as a tool for social development.

We expect Director 1 to have directing and choreography skills. Director 2 will need musical direction skills and assist with the staging. Being able to play the piano is a plus, but not an absolute necessity.

Please submit your resume via email (marketing@jcoperahouse.org). Our search is open now and we will schedule interviews as soon as possible. We plan to have these two appointments made by late November for the spring term.
